Combustion Engineering Association

## Senior Managers' Conference

Thursday 1st November 2018

Cambridge Belfry, Cambourne, Cambridge, CB23 6BW

Attending this conference could save you and your company tens of £ 000, every year

There continues to be catastrophic failures in boiler plants where people are killed and injured. This is when Senior Managers can end up behind bars. Don't be complacent - It could be you!

### The conference will include:

#### **Duties and Responsibilities of Senior Managers**

The Legal Requirements; Industry Guidance and the Law; HSE expectations; Risks associated with non-compliance

#### **What Senior Managers must do to ensure compliance:**

The Responsible Person; Training; Maintenance; Records

#### **Benefits of "Getting it Right":**

Energy savings; Reduction in maintenance costs; Improved reliability; Less down time; No unplanned outages; More accurate budgeting

#### **Managing your plant:**

Where are your costs? How do you measure them?  
Why is metering so important? Energy and Efficiency.

#### **Focus points for costs/failures:**

Combustion - Wasting money up the chimney.  
Water treatment - Pouring money down the drain  
Incorrect Operation Lack of or poor maintenance

#### **Competence & Accountability Issues:**

Your staffs' responsibilities  
Ownership  
Lack of appropriate training & knowledge  
Too much reliance on contractors  
Poorly selected contractors  
Not managing contractors  
Contractors that are not fit for purpose

Do you want to save your company 10's of thousands of £'s every year in improved efficiency and safety?

6% of prosecutions in 2017 had an immediate custodial sentence.

12% were suspended sentences and £69.9 Million levied in fines.

Only 1 in every 20 boiler plants is operating at or near their optimum efficiency. Find out how to make sure you are the one and not the nineteen.

### **Registration costs:**

£450 Member Delegate

£550 Non-Member Delegate

### **To Book Your Place:**
