

BG02 Test Kit Range

Total Testing solutions for your Closed System

Advanced Kit

Contains:

- pH strips [100] range 7.0 - 14
- pH strips [100] range 4.5 - 10.0
- EC400 Conductivity pen, 65ml calibration solution, 65ml DWB Clear
- DWB Hardness 1 - 4 [65ml of each]
- P & M Alkalinity [65ml DWB Ind. P, M, Alk, HR Alk]
- 20 ml syringe
- 1ml syringe
- 2 x 10ml square plastic tube [capped]
- 1 x 65ml plastic test jar [capped]
- 1 x 10ml screw top plastic tube
- Comparator
- Crusher / mixing stick
- Filter holder
- 25mm filter papers
- Hard shell box
- Waterproof SDS & methods
- Testing videos

Corrosion debris testing

- Aluminium
0 - 0.3ppm via comparator, Disc, DWB Aluminium 1 & 2 tabs [50 of each]
- Copper [free and total]
0 - 5ppm via comparator, Disc, DWB Copper 1 & 2 Tablets [50 of each]
- Iron
0.5 - 10.0ppm via comparator, Disc, 65ml DWB Iron 1 & 2

Corrosion inhibitor testing

- DEHA, Erythorbic acid, Methylethylketoxime, Mekor
Via Comparator: Disc, 65ml DWB DEHA 1, 65ml DWB DEHA 2
- Fernox
Drop test: 65ml DWB Fernox 1 & 2 [use 65ml test jar and syringe from basic kit]
- Molybdate
Via Comparator: VHR Disc, 65ml DWB Molybdate 1
- Sentinel
Colour test
- Sodium nitrite
Drop test: 2 x 65ml reagents [use 10ml tube, 1ml syringe from basic kit]
- Sulphite
Drop test: 2 x 65ml reagents [use DWB Indicator P from basic kit]
- Tannin
Drop test: 40g DWB Tannin 1, 65ml DWB Tannin 2

Other

- Glycol via refractometer [chilled water]

All of this for
£998.00

Or, buy a "basic" kit and "bolt on" what you need:

Notes: 1. All prices + VAT
2. Delivery at £30.00 PER item [items can be grouped]

BG02 Test Kit Range

Individual Testing solutions for your Closed System

Basic Kit

Contains:

- pH strips [100] range 7.0 - 14.0
- pH strips [100] range 4.5 - 10.0
- EC400 Conductivity pen, 65ml calibration solution, 65ml DWB Clear
- DWB Hardness 1 - 4 [65ml of each]
- P & M Alkalinity [65ml DWB Ind. P, M, Alk, HR Alk]
- 20ml syringe
- 1ml syringe
- 2 x 10ml square plastic tube [capped]
- 1 x 65ml plastic test jar [capped]
- 1 x 10ml screw top plastic tube
- Comparator
- Crusher / mixing stick
- Filter holder
- 25mm filter papers
- Hard shell box
- Waterproof SDS & methods
- Testing videos

@ £800.00

Then add your bolt-ons

Bolt-on: corrosion inhibitor testing

- DEHA, Erythorbic acid, Methylethylketoxime, Mekor
Via Comparator: Disc, 65ml DWB DEHA 1, 65ml DWB DEHA 2 @ £115
- Fernox Drop test: 65ml DWB Fernox 1 & 2 [use 65ml test jar and syringe from basic kit] @ £35
- Molybdate Via Comparator: VHR Disc, 65ml DWB Molybdate 1 @ £80
- Sentinel Colour Test x 1 @ £30
- Sodium nitrite Drop test: 2 x 65ml reagents [use 10ml tube, 1ml syringe from basic kit] @ £45
- Sulphite Drop test: 2 x 65ml reagents [use DWB Indicator P from basic kit] @ £40
- Tannin Drop test: 40g DWB Tannin 1, 65ml DWB Tannin 2 @ £40

Bolt-on: corrosion debris testing

- Aluminium
0 - 0.3ppm via comparator, Disc, DWB Aluminium 1 & 2 tabs [50 of each] @ £110
- Copper [free and total]
0 - 5ppm via comparator, Disc, DWB Copper 1 & 2 Tablets [50 of each] @ £130
- Iron
0.5 - 10.0ppm via comparator, Disc, 65ml DWB Iron 1 & 2 @ £84

Bolt-on: Other

- Glycol via refractometer @ £30

Notes: 1. All prices + VAT
2. Delivery at £30.00 PER item [items can be grouped, total won't exceed £30]
